Subject: lame duck session

To Whom It May Concern,

I am writing to voice my opposition to the partisan maneuvering and scheming that the Wisconsin GOP legislators are planning to accomplish at the lame duck session scheduled for the coming week. I am personally, sick and tired of the divisiveness that has been brought into the political arena since Scott Walker has been Governor. As a former Republican, I can say that I am happy that I left this morally bankrupt party of pretend Christians and Conservatives who have spent the last 8 years trying to take citizens health care away, making it more expensive and have wasted endless amounts of taxpayer dollars on frivolous law suits and giveaways to cronies. The voters have spoken loud and clear. We want change and want to go back to the civility of when Tommy Thompson was Governor. I am tired of the power grabs by a party that only occupies both chambers because of gerrymandering and voter suppression. Tony Evers isn't even in office yet, and your ethically challenged Assembly leader is already plotting against him and the majority of Wisconsin voters. May I remind you that this is the same person that tried to eliminate open records laws and conceal it from citizens. The same powers that were given to Scott Walker and Brad Schimel should be given to the incoming administration.
