Subject: So sad....

Dear I

I just printed and finished reading your latest newsletter and I am ashamed to to admit that I voted for you. You have turned your back on the majority of State voters. To limit the powers of the new Governor & Attorney General is simply a disgrace on your part! No amount of "spin" from you will convince me that it's just and right.

With your disrespectful vote, the deal has been sealed: You will never receive another vote from me. Your printed newsletter will find its proper place at the bottom of my finch cage.
