Subject: Lame duck plan

I am a registered Republican who voted for Scott Walker but I am dismayed by this entire concept of changing the way Wisconsin does business. It is wrong in so many ways. Your complete disregard for the cost of this session and the election changes tells me that you do not have the welfare of the people of Wisconsin in mind at all. I will not vote again for anyone who votes for this bill. Keep in mind that Scott Walker lost because of his failed run for President. And Brad Schmil lost because of his complete egoist approach. Our money is not your money. End this session immediately and go home now and pray voters forget about this quickly.
