Subject: Today's legislative vote

Quick background: I am a 21 year resident of Ozaukee County and life long Republican voter... My wife is a public school teacher and I voted for Governor Walker all 3 times...

Having said that, if this gets pushed through today I don't foresee myself voting for any Republicans in the foreseeable future and several of my more independent minded peers have said the same...

WHAT ON EARTH ARE YOU AND REP. VOSS THINKING ???

It's fair to surmise the people of WI are sick and tired of politicians putting Party above the people's will...

Angrily,
