Subject: Current Legislative Initiatives

I am a registered Republican from New Berlin, Wisconsin (I believe living in your district). I am writing to express my strong objection to some of the current initiatives that the Wisconsin legislature is currently considering. My objections include:

- . Moving the Presidential primary to an earlier date . Curtailing the early voting time period . Reducing the governor's authority that had previously been granted to Governor Walker

I am disappointed about Governor Walker's recent election loss, and I understand the rationale behind the above proposed changes. However, I feel:

- . They are counter to the election results.
- . They are designed to reduce voter turnout rather than expand it (although I know the votes that are trying to be discouraged probably disagree with my opinions).
- . Will cost the taxpayers unnecessary money.
- . Ultimately undermine the credibility of our governmental system.

I'd rather have the Republican Party educate and recruit voters to our approaches than to unfairly manipulate voters who believe otherwise. Thank you.
